ANGULAR  
NODE.JS  
MONGODB  
EXPRESS

Tools

GIT  
JIRA  
PHOTOSHOP  
ILLUSTRATOR  
ADOBE XD

## SOFT SKILLS

Proactive Thinking  
Fast Learning  
Self Motivation  
Attention to details  
Creativity  
Communication

## LANGUAGES

English

## PERSONAL PROJECTS

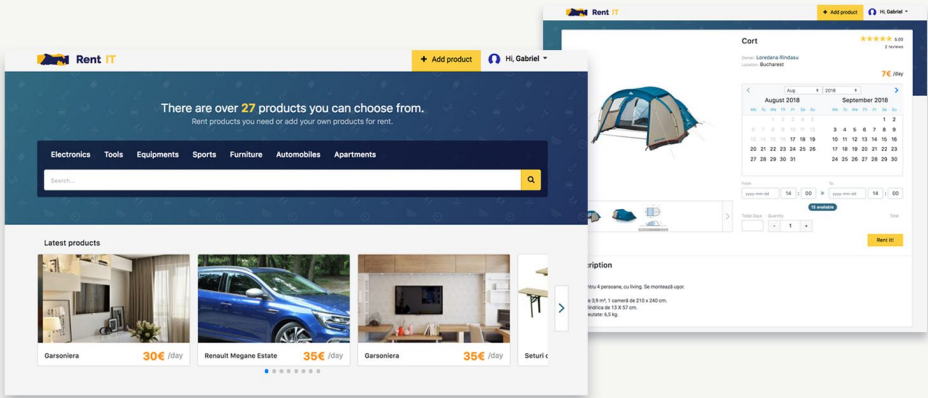

### Rent IT

[rentit-web-prod.herokuapp.com](http://rentit-web-prod.herokuapp.com)

Served as my **Bachelor Final Project**.

RentIT is a web application dedicated to renting, developed using the **MEAN Stack (MongoDB, Express, Angular, NodeJS)**.

Developed an algorithm used to determine the availability of an item within a selected time frame, inspired by the temporal aggregation algorithms used by databases.

### First Aid Training App

[barem-detasament.herokuapp.com](http://barem-detasament.herokuapp.com)

Designed and developed an **Angular app** for the first aid trainings held by red cross volunteers.

### SMARTACK

[smarthack.as-mi.ro](http://smarthack.as-mi.ro)

Designed and developed the SMARTHACK hackathon's landing page, as well as the promoting posters and other marketing materials.

## VOLUNTEERING

Volunteer in the Department of Marketing and Public Relations  
**Mathematics and Computer Science Students' Association – ASMI**

MAR 2016 - IUN 2018

- > **Project Manager - "SMARTHACK"** - a 24 hour hackathon for students
- > Held **Graphic Design & Photoshop** trainings for volunteers at various associations
- > Managed marketing campaigns for "Cariera v6.0", "Arta'n dar", "Zilele ASMI"

Volunteer and Trainer  
**Romanian Red Cross Society**

SEPT 2013 - PRESENT

- > Won 1st place at the National First-Aid Competition 2018
- > Trained high school teams for first aid competitions
- > Taught first-aid at various high schools

## COURSES & TRAININGS

Training of Trainers

Time management

Communication
