## WORK EXPERIENCE

### Frontend Developer

at WebTot

Jul. 2017 - Sep. 2017

Worked on e-commerce websites developed using the Prestashop framework, such as [patone.ro](#), [reflectss.ro](#), [farmaciacuplante.ro](#), [smartfloors.ro](#).

Developed and improved certain aspects of the front-end in order to give websites a certain look, feel and add new functionalities.

Developed websites from scratch, such as [mareleprint.ro](#).

## PROJECTS

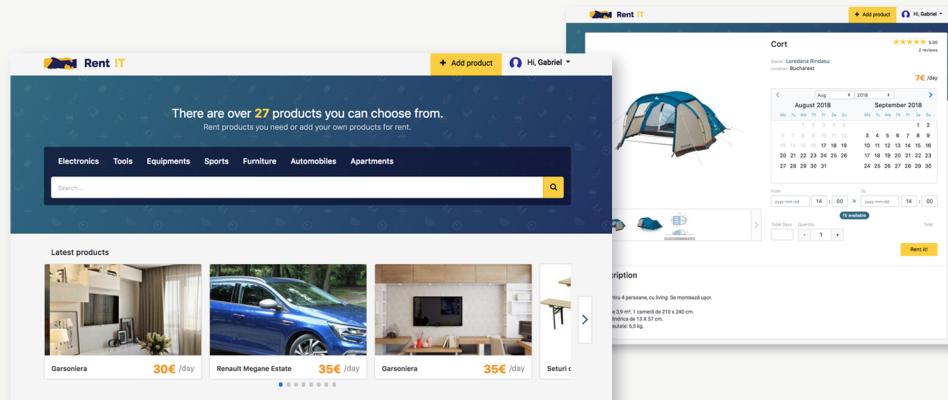

### RENT IT

[rentit-web-prod.herokuapp.com](https://rentit-web-prod.herokuapp.com)

Served as my final undergraduate project.

RentIT is a web application dedicated to renting.

An interesting aspect of the project is the **algorithm used to determine an item availability within a selected time frame** inspired by temporal aggregation algorithms used by databases.

## ► SMARTACK

[smarthack.as-mi.ro](http://smarthack.as-mi.ro)

Designed and developed the website for the SMARTHACK hackathon as well as the promoting posters and other materials. The website is also **responsive**.

## ► OTHERS

Worked on many other projects using CSS, HTML and Javascript, but most of them were experimental or unfinished. Check out my **github** repositories for more details.

## VOLUNTEERING

Volunteer in the Department of Marketing and Public Relations  
Mathematics and Computer Science Students' Association – ASMI

### Project Manager - "SMARTHACK"

October 2017

SMARTHACK is a 24 hour long hackathon dedicated to computer science students.

As a Project Manager, I had to plan in detail the whole project and coordinate teams of volunteers in order to transform our vision into reality.

This experience was especially helpful, as it developed my **teamwork, communication skills** and **leadership**. As part of the project, I've also **designed and developed the website** and the **promotional materials**.

### "CARIERE v6.0"

March 2017

August 2016

#### RESPONSABILITIES:

- Managing and updating the website
- Design the poster, flyer and covers for the event

### Volunteer and Trainer Romanian Red Cross Society

SEPTEMBER 2013 - PRESENT

#### Important activity:

- Won **first place** at the National First-Aid Competition 2018
- Trained high school teams in first-aid
- Taught first-aid at various high schools

I've also developed an app that we use for training. The app was built using Angular:
